STREET OPENINGS
OBLIGATIONS OF PERMITTEES
TARRYTOWN CODE 259.5

- A. The following duties and obligations are imposed upon each person receiving a permit under the provisions of this Article:
- (1) Immediately upon completion of the work and when inspection and approval of the work are required, he will backfill the excavation in accordance with generally approved methods.
 - (2) He shall not permit the excavation to remain open longer than strictly necessary for the performance of the work which required the excavation.
 - (3) While the excavation is wholly or partly open or when, after backfilling, there exists a depression below the surrounding grade or an elevation higher than grade because of the excess backfill or for other reasons, he shall provide adequate safeguards to the public by erecting a barrier or fence of distinctive type or color marking the outside limits of the affected area and bearing warning signs distinguishable by day and adequate number of flashing lights and barricades to give warnings of the danger after dark.
 - (4) When the backfilling is completed, he will immediately notify the Superintendent of Public Works thereof, in writing, and will do such further work, if any, required by the Superintendent of Public Works to correct the backfilling. Notwithstanding the approval of the Superintendent of Public Works of any backfilling and/or restoration of pavement, any person receiving a permit under the provisions of the Article shall be obligated to restore to as good condition as it was prior to excavation any pavement which within thirty (30) days after backfilling and restoration shall have deteriorated, collapsed or become in any way unsatisfactory as determined by the Superintendent of Public Works.
 - (5) The restoration of the pavement, curb and/or gutter to as good condition as it was in prior to the excavating shall be done by the Village under the supervision of the Superintendent of Public Works at the expense of the permittee, to be deducted from the deposit made, and any deficiency remaining after such deduction shall be paid on demand by the permittee.
- B. As a condition precedent to receiving a permit hereunder, the applicant shall sign an agreement, endorsed upon this permit, reading substantially as follows:

Applicant acknowledges that he has read the provisions of Chapter 259, Streets and Sidewalks, {259-5, of the Code of the Village of Tarrytown, setting forth the duties and obligations imposed upon the permittee, and as a precedent condition to receiving this permit, applicant agrees to fully and faithfully perform and discharge each and every one of such duties and obligations.
