

## CASH KEY SYSTEM

Most parking meters in Tarrytown are new and have now been equipped to use the CASH KEY System.

The CASH KEY System is a debit system. A key-shaped device is loaded electronically with a monetary value. In Tarrytown, each time the key is inserted into a special port on the meter, 75 cents is deducted from the key, and one (1) hour is registered on the meter.

These special parking meters will also allow you to use coins if you wish to purchase parking time in less than one hour increments.

When the monetary value on your CASHKEY becomes low, simply mail the CASHKEY back to the Village of Tarrytown with your check in the desired amount. The Village will then electronically reload the CASHKEY with that additional amount and return it back to you via U.S. Mail.

- Conveniently Carried on a Key Ring.
- Not a Throw-Away item
- Reload Again and Again
- Deposit is \$30 per Key (DOES NOT INCLUDE PARKING TIME)
- Good at meters within the Village of Tarrytown **ONLY**.
- There is NO minimum that can be loaded onto your CASHKEY.
- If you decide that you no longer wish to take advantage of the

CASHKEY System, a \$15 of deposit, as well as any unused monies, will be reimbursed after your CASHKEY is returned.

*The Village of Tarrytown is not responsible for lost or stolen CASHKEYs.*

## CASH KEY SYSTEM

*A Convenient Way to Pay  
For Your Parking*

### Village of Tarrytown

**CASHKEY**

One Depot Plaza

Tarrytown, NY 10591

**HOW CASH KEY WORKS**

Insert CASH KEY into the CASH KEY receptacle located on the front of the parking meter.

When CASH KEY is fully inserted, one (1) hour of time is registered on the meter, and 75 cents is deducted from your CASH KEY.

Before time is shown on the meter, the meter display will show the value remaining on your CASH KEY, inserted for five (5) seconds or until CASH KEY is removed, whichever comes first. The remaining time is rounded to whole dollars only.

Remove the CASH KEY. The meter will display the total time purchased. To purchase additional time, reinsert CASH KEY. (Example: to purchase four (4) hours, insert CASH KEY four (4) times.)

NOTE: You do not have to completely remove CASH KEY to purchase additional time. The actual transaction occurs during the last 1/4" of travel during insertion into the receptacle. Therefore, caution should be used to avoid unintentional reinsertions and subsequent debits of the CASH KEY.

**VALUE TO BE LOADED**

Increments of 75 Cents, 1 hour ONLY

NO MINIMUM

Mail Payments to:

Village of Tarrytown  
ATTN: CASHKEY  
One Depot Plaza  
Tarrytown, NY 10591

*Allow 10 Business Days  
for Processing*

**HOW TO GET YOUR CASH KEY**

There is a one-time \$30 deposit per CASHKEY. It is suggested that 2 CASHKEYs be obtained since the reloading process is done through the mail.

This will allow you to use one CASHKEY while the other is being reloaded. Deposit DOES NOT include parking time.

Send the coupon below along with your check made payable to the Village of Tarrytown.
