ARTICLE XVII

Sidewalk Replacement Policy
[Adopted 2-3-2003]

§ 259-56. Purpose of adoption of policy.

The Village of Tarrytown recognizes the positive impact that properly maintained sidewalks can have on the quality of life of this community. Well-constructed, attractive and functional sidewalks contribute to the safety of the public while traversing our streets, thereby making our Village more pedestrian-friendly. As an incentive to property owners, the Board of Trustees will adopt a policy whereby the owners of one-, two- or three-family residential properties may request to have damaged or inadequate sidewalks in front and/or alongside of their properties (abutting public streets) to be replaced by the Village. The cost of replacement will be shared 50/50, whereby the property owner shall reimburse the Village for the cost of materials and the Village shall pay for the labor.

§ 259-57. Policy.

- A. Eligible properties: Owner-occupied one-, two- or three-family dwellings used for purposes authorized in the Zoning Code of the Village.
- B. Ineligible properties: Properties used for commercial, industrial, institutional, multifamily (four or more dwelling units) purposes. Non-owner-occupied one-, two- or three-family dwellings.

§ 259-58. Procedures.

- A. A property owner must submit a written request to the Village for placement on the Village's sidewalk replacement program, subject to approval by the Department of Public Works after visual inspection.
- B. The Village will purchase the material and provide the labor for said sidewalk repair. An estimate and agreement letter will be sent to the property owner.
- C. Failure of property owner to remit payment will subject the property to a tax lien.
