

It takes a village to have a great village.

This **Station Area Study** is happening. Phase Two plans are underway...

Next Steps

- Create ways to go up and down our hills
- Fix the traffic
- Take me to the river [and all around the village]
- Make great choices for getting around
- Parking down by the station
- Building a foundation for development
- Getting involved

How will this be funded?

you might ask.

- grant money
- working with the village grant writer
- private funding sources working with our municipality
- state and federal means

tell me again....
