CURB CUT, STREET AND SIDEWALK OPENING PERMIT

OBLIGATIONS OF PERMITTEES, TARRYTOWN CODE 259

- A. The following duties and obligations are imposed upon each person receiving a permit under the provisions of this article.
1. Immediately upon completion of the work and when inspection and approval of the work are required, he/she will backfill the excavation in accordance with generally approved methods.
 2. He/she shall not permit the excavation to remain open longer than strictly necessary for the performance of the work which required the excavation.
 3. While the excavation is wholly or partly open or when, after backfilling, there exists a depression below the surrounding grade or an elevation higher than the grade because of the excess backfill or for other reasons, he shall provide adequate safeguards to the public by erecting a barrier or fence of distinctive type or color marking the outside limits of the affected area and bearing warning signs distinguishable by day and adequate number of lighted lanterns or flares to give warnings of danger after dark.
 4. When the backfilling is completed, he will immediately notify the Superintendent of Public Works thereof, in writing, and will do such further work, if any, required by the Superintendent of Public Works to correct the backfilling. Notwithstanding the approval of the Superintendent of Public Works of any backfilling and/or restoration of curb, street or sidewalk, any person receiving permit under the provisions of any Article shall be obliged to restore to as good a condition or better as it was prior to excavation within thirty (30) days after backfilling.
 5. In the event the permittee does not restore the curb, street or sidewalk, to as good a condition or better as it was in prior to the excavating, the restoration shall be done by the Village under the supervision of the Superintendent of Public Works at the expense of the permittee, to be deducted from the deposit made, and any deficiencies remaining after such deduction shall be paid on demand by the permittee.
 6. Dumpsters shall be equipped with flashing lights attached thereto or must have barricades with flashing lights.
 7. Dumpsters shall be located in an area where visibility for both vehicular and pedestrian traffic is not obstructed.
 8. Dumpsters shall not be located in crosswalks, curves or at the crest of a hill.
 9. Dumpsters shall be removed when full. Dumpster may be replaced as required for the duration of the permit.
- B. As a condition precedent to receiving permit hereunder, the applicant shall sign an agreement, endorsed upon this permit, reading substantially as follows:

Applicant acknowledges that he has read the provisions of Chapter 259, Streets and Sidewalks, 259-5, of the Code of the Village of Tarrytown, setting forth the duties and obligations imposed on the permittee, and as a precedent condition to receiving this permit, applicant agrees to fully and faithfully perform and discharge each and every one of such duties and obligations.
