ADMINISTRATOR’S REPORT

Administrator Slingerland noted the following:

- Superintendent Lou Martirano, Assistant Administrator Josh Ringel and himself attended a meeting at Con Edison to discuss many things that affect municipalities. One big thing they are asking the Village to focus on is their standards to clear wires and to keep trees trimmed back from the power lines so people do not lose power when we have storms. They discussed that this winter is expected to have a heavier than normal amount of precipitation; it is predicted that we may have a lot of snow this year. Con Ed has a program for people that may want to report on a hazardous tree that may be near wires. Con Ed will come out and look at overgrown trees that may be overhang on wires and will cut them back, whether

- they are on public or private property. You can email, bwlineclearance@coned.com. Information is also on the Village's website.
- There will be a Household Recycling Fall Drop-Off Day or also known as the Chemical Cleanup Day to be held this Saturday, November 9th at Rye Playland, Playland Parkway in the City of Rye, from 9 a.m. – 3 p.m. No appointment is required. A flyer is on the website with information as to what items are acceptable and not acceptable to recycle or you can contact the County Household Chemical Cleanup Hotline at 914-813-5425.
